Clinical Problem

Guidelines for direct access referrals:

This service is available for healthy patients undergoing screening for colon cancer (overt PR bleed or Positive FOBT), or uncomplicated reflux.

Please call us to discuss your patient if concerned.

Direct Access is NOT AVAILABLE for patients who:

- Are older than 75 years of age
- Have a BMI greater than 30
- Have comorbidity: heart disease, lung disease, renal disease, diabetes, stroke or poor mobility.
- Are on anticoagulants such as warfarin, clopidogrel or aspirin

Bowel preparation and fasting instructions are available on our website at :

www.mcgservices.com.au

or by telephoning Natasha on 1300 700 789
